Dear Juanita:

Thanks to the generosity of groups such as yours, we are making progress toward our goal of \$500,000 for the Richard T. Romer Student Endowment Fund. The Endowment Fund is expected to be self-sustaining when we reach that goal thereby allowing us to fully fund all the endeavors undertaken by the Student Initiatives Program.

Your Section's contribution of an additional \$1,080 to the Richard T. Romer Student Endowment Fund in memory of Constantinos Papacostas during 2015 was very much appreciated. We will be recognizing all contributors to the Endowment Fund at the next Annual Meeting in Albuquerque, and because of the combined contributions from members of the Hawaii Section, Constantinos will be recognized as a "Visionary."

Again, we very much appreciate your Section's contribution to the development of students in our profession. This contribution is tax deductible and our tax ID number is 54-6158989.

Sincerely,

Kimberly Leung
Endowment Fund Committee Chair
